

Mandip as ever positionally on top of her game and looked to play penetrating passes down the wing

Lisa worked the LW tracking back in defence and disrupting their well worked corners.

SUB SUB Petra – kept warm on the bench ☺

Tasha saved a 1on1 situation - when the ball went spinning to the line with our hearts in our mouths she scooped it up and regained control!

Like a brick wall Silmara put crunching tackles in all game and played a great ball through for one of the goals – PLAYERS + MANAGERS POTM

Liz daydreamed most of the game however did concentrate long enough to score a goal.

Gilly – scorer of three goals ( if she took a ball home each game she'd need a ballbag!) – smashed one in from a tight angle! And no rugby tackles this week! ☺ Managers POTM

Kate battled in MF looking to the nick the ball and working hard to win back balls we had lost

No pulling shirts this week – Preeti showed us what shes made of and calmly swept up any possible attacks positioning herself well and distributing the ball to feet

Lucy's imaginative play and speed led to opening opportunities for others – she added strength to the right wing.

Amy – tracking back throughout the game and delaying their attacks for us to re-group

SUB – Kirstie picked away in MF and won balls off some tired opposition before playing some beauties through to Olive

SUB Elsa might be a dwarf but she was offering herself on the RW stretching the play

7

Nav took on players and beat them pushing down the RW and LW – offered herself as an outlet on many occasions.

SUB – Olive was strong on the ball, twisting and turning before getting some good shots off.
